Levison Enterprises Code of Conduct/Ethics statement

We will respect human rights and will not discriminate. We will not engage in harassment, violence, and abuse of power behaviors and will comply with laws and internal company rules. We expect our associates to always treat others with respect and prohibited from making offensive remarks or gestures toward fellow associates or visitors.

We will conduct fair transactions with customers and suppliers, and build relationships of trust and will not provide or accept gifts or entertainment beyond the bounds of customary business practices and acceptable social norms.

We will always strive for continuous improvement by identifying and improving the problems and concerns in all of the business activity, and will create secure working environments with proper attention to health and safety, and will strive to be a good steward to the environment.
