

ELECTRONIC CONTRACT MANUFACTURING

Levison Enterprises is an electronic contract manufacturer located in Northwest Ohio. With engineers and designers on staff, you can count on Levison Enterprises as a partner throughout each stage of your project.

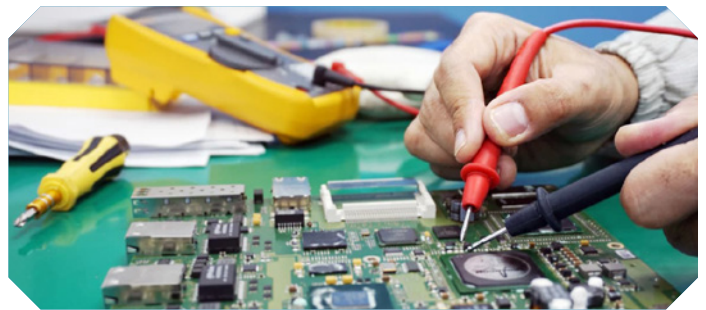

ELECTRONIC ENGINEERING & DESIGN SERVICES

Our team of experienced electronic engineers can provide a fresh perspective on your current design and offer solutions to optimize your design for production. Our electronic engineering team can offer suggestions for upgrades and replace old or obsolete parts for legacy products. With our reverse engineering services, Levison Enterprises can streamline solutions to help your products perform in today's ever-changing technology landscape. Our electronic engineering services also include troubleshooting, repair, software programming, and electronic testing.

ENGINEERING, DESIGN & PROTOTYPING

- Electronic PCB Design
- Mechanical Design
- Rapid Prototyping
- Retrofitting
- Reverse Engineering
- Design For Manufacturing Analysis

ELECTRONIC PCB ASSEMBLY

- Surface Mount Technology
- Through-Hole Assembly
- Flex PCB
- Mixed Technology
- Tab Bonding | Hot Bar
- Testing & Automated Inspection

CABLE & WIRE HARNESS ASSEMBLY

- Round & Flat Assemblies
- Complex & Branched Assemblies
- Continuity & HIPOT Testing
- Automated & Hand Termination Processing
- RF/Analog Cables & Electronic Length Measurement

ELECTRONIC ENCLOSURE ASSEMBLY

- Custom Enclosure Design & Assembly
- Sub-Assembly Construction & Installation
- Panel & Backplane Assembly
- Multi-Facet Assembly
- Packaging & Fulfillment

QUALITY CERTIFICATIONS

When you choose Levison Enterprises as your electronic manufacturer, you can rely on our engineering and prototyping expertise, as well as our experience as a medical device manufacturer. We are also committed to quality and regularly perform 3rd party audits to maintain and exceed expectations and our quality standards. Levison has the quality standards and procedures in place to help you achieve the goals of your project. Whether you need them or not, our quality standards and attention to detail are put into every project, every board, and every cable assembly that is manufactured and produced by Levison Enterprises.

CHOOSE LEVISON ENTERPRISES FOR YOUR NEXT PROJECT

Levison Enterprises is ready to assist you with your next project. With our engineering and design services, your project is put through rigorous testing before it moves into production. Once in production, your project continues to be tested and checked the entire production process. Once finished, we again put your finished project through quality tests and checks to make sure your project is prepared to meet the demands of your customers. Our experienced team is ready to assist you in bringing your next electronic manufacturing project to life.
